Dominion International Trading

Company

Dominion International Trading Srls is an Italian company, based in Montefano in the province of Macerata, which has long been present in national and international markets as a designer and manufacturer of numerous items for the agribusiness, gardening, hardware and DIY fields.

Our Products

Dominion International Trading

Dominion offers a diverse range of products, including ponchos, EVA boots, tillers and HDPE tarps with eyelets.

Poncio

Dominion International Trading

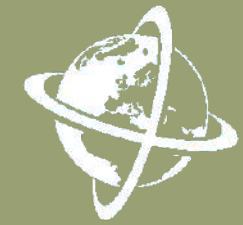

Our unisex waterproof poncio is the essential accessory for anyone looking to handle rainy weather with **practicality** and **safety**.

Ideal for men, women, and teenagers with its one-size-fits-all design, this poncio provides complete protection in any situation, from hikes to outdoor events.

🎨 Available in Green and Yellow, our poncio combines protection and style for those who love adventure or simply want to be prepared for the unexpected.

Advantages

Dominion International Trading

Waterproof and Durable

Made of high-quality polyethylene, the poncio ensures complete rain protection. The fabric is 100% tear-resistant and doesn't cling to the body, keeping you comfortable even on windy days.

Hood with Drawstring

The adjustable hood with drawstring ensures protection for the head and neck, keeping your whole body dry and comfortable.

Lightweight and Compact

Weighing only 120 gr, this poncio is extremely easy to carry. Foldable and individually packed, it fits conveniently in a bag or backpack, ready for any weather emergency.

Versatility of Use

Perfect for camping, hiking, sports, parks, walks, as well as agricultural and gardening activities. With a light rain or an unexpected downpour while working outdoors, this poncio will keep you dry in any scenario.

Reusable and Durable

Designed to withstand repeated use, this poncio is a reliable weather solution, ideal for those wanting a lightweight yet durable accessory without resorting to heavy raincoats.

EVA Boots

Dominion International Trading

Made of high-quality EVA (ethylene vinyl acetate), these boots offer a unique blend of **lightness** and **resilience** that sets them apart from common PVC or rubber boots. Ideal for those seeking comfort and durability.

🎨 Available in two classic colors: green and black, for a style that combines functionality and aesthetics.

www.dominionboots.com

Advantages

Dominion International Trading

Exceptional lightness

Each pair weighs between 0.92 and 1.2 kg (depending on the size), ensuring less fatigue and greater practicality, especially during long hours of use

Waterproof easy to clean

EVA not only makes the boot water-resistant but also easy to clean, making it perfect for working in wet and muddy environments.

Comfort in low temperature

EVA retains its flexibility and provides comfort even below zero, where conventional materials tend to harden.

Removable inner sock

Designed for easy removal and washable (up to 40°C), the sock provides extra thermal insulation and simple maintenance.

Protective toe cap reinforced heel

For added safety and stability, perfect for work in demanding environments.

UNIVERSAL TILLER

mod. O

mod. V

Dominion International Trading

The Universal TILLER is a universal cutter to be applied to brush cutters to **work the soil superficially** and **eliminate weeds** growing near the cultivation of vegetables and shrubs, preserving the integrity of the bark.

- 🎨 Available in 2 models:
- Universal Tiller **O** - suitable for working horizontally on loosened or loose soil;
 - Universal Tiller **V** - suitable for shredding grass.

Advantages

Dominion International Trading

Universal TILLER-O

Suitable for horizontal work on tilled or loosened soil in vegetable cultivations, it penetrates 2-3 cm into the ground and eradicates weeds.

DIMENSIONS (mm): Ø 76 x 75

Main features:

- WEED PULLER
- IT REMOVES WEED ROOTS
- IT SAFEGUARDS BARK OF SHRUBS
- IT CAN BE USED NEAR VEGETABLES AND PLANTS
- AVOIDS THE USE OF PESTICIDES AND HERBICIDES
- EXCELLENT RESISTANCE
- EASY TO ASSEMBLE
- UNIVERSAL FOR BRUSHCUTTERS

The premium material used within the creation of this product makes the tiller very durable, ensuring you its usability for a long time.

It is designed to penetrate the ground without any additional effort.

It is recommended to use it at low rpm.

Universal TILLER-V

Suitable for cutting grass near shrubs, it penetrates 1 cm into the ground and uproots and prevents immediate regrowth.

DIMENSIONS (mm): Ø 76 x 75

To get used to the vibration, lean the trimmer handle on your knee.

It is not recommended to use it as a lawnmower, the product is a weed remover.

COPRO STRONG

Dominion International Trading

The COPRO STRONG eyelet tarpaulins by Dominion International Trading represent the cutting edge in heavy-duty tarp solutions, combining **innovative technology** and **premium materials (HDPE)** for exceptional performance.

🎨 Available in Green and White, with various weights (90g/m² and 120g/m²) and a range of sizes to suit every need and sector.

www.dominionboots.com

Advantages

Dominion International Trading

Premium Quality Advanced Technology

Made from triple-layered woven and laminated polyethylene, COPRO STRONG tarps are tear-resistant, waterproof, and designed to endure even in extreme weather conditions.

UV Protection Anti-Mold Treatments

With UV stabilization, anti-mold, and anti-aging treatments, these tarps are ready to face any challenge, effectively protecting whatever they cover. The 5-year UV warranty underscores their durability.

Lightweight Tear-Resistant

Despite their strength, COPRO STRONG tarps are surprisingly lightweight, making them easy to transport and handle. Their outstanding tear resistance makes them ideal for prolonged use and demanding work environments.

Safe for Food Contact

COPRO STRONG tarps are certified for repeated use in contact with food items like fruits and vegetables, making them ideal for both agricultural and industrial applications in the food sector.

Eco-Friendly and Recyclable

Each tarp is 100% recyclable, reinforcing Dominion's commitment to sustainable, environmentally responsible solutions.
